## 2020 Dues Notice

March 1, 2020

Dear Monroe County Fire Organization,

Established in 1930, the MCVFA is a non-profit organization working to support the interests of volunteer firefighters in Monroe County. Though the use of meetings, training events, recreational activities and participation in various legislative activities, we help to advance the safety, interests and concerns of our members.

Acting as a public face for volunteer firefighters, the MCVFA sponsors the the Annual Fire/Burn Prevention Essay contest for school children and also participates in the annual, Health Fair, held at the RIT Convention Center in October. This year MCVFA will be sponsoring a 4 hour training seminar on May 2, 2020, about Public Information Officers and media relations. MCVFA members will be able to attend at a reduced price (see enclosed flyer). We are also working very closely with our partner organizations regarding Recruitment and Retention efforts and campaigns for our Monroe County fire service organizations.

We are looking to increase our membership and are actively seeking members to participate in the various committees in the Association. We invite your members to come to a general meeting to learn more about activities and opportunities within our organization. A list of the active committees are viewable on the MCVFA website.
